Высокотехнологичные ресурсы AI (Artificial Intelligence) на базе искусственного интеллекта для обучения английскому языку

Название	Логотип	Характеристика
twee.com		Инструмент для создания диалогов, историй, тестов.
Chat GPT	 	Чат-бот с искусственным интеллектом компании OpenAI: друг по переписке, материал разного уровня, ролевая игра для отработки навыка диалога, работа с текстами, грамматика простыми словами.
Midjourney		Программа, которая создаёт картинки по текстовому запросу, генерация карточек с изображениями на разные темы.
DUOLINGO, BABEL, Rosetta Stone		Программы AI, где нужно выполнять задания на лексику, грамматику, память. ИИ запоминает, какие слова/конструкции не даются и вставляет их в предложения до тех пор, пока задание выполнится верно. Основная идея: запоминать новые слова каждый день в игровой форме. При этом тратить можно столько времени, сколько хочешь.
Google's Speech-to-Text API		Программное обеспечение для распознавания речи, чтобы практиковать произношение.
Replika		Чат-боты AI, с которыми можно практиковать разговорную речь, участвую в обсуждениях на английском.
Lingodeer, Memrise		Игры, основанные на ИИ, для нескучного изучения языка и тренировки памяти.
